## Oh But A Bit About Author Madly Jane

I am Madly Jane (aka Madly-Living) and you should know that today, I am at a wonderfully creative, energetic, avant-garde, off-guard and, not too embarrassed to say, sexually charged time in my life. I Am Finally Free...To Be Me and bursting at "what seems" with eclectic tales - of course, crea-

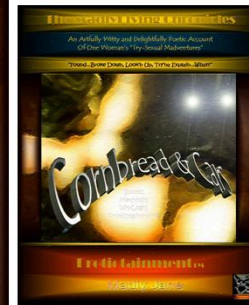

tively embellished - of my real-life rather exceptional, sexual, what I like to call, My "Madventures" - and at my age, quite frankly, I am "All My Ravel!"

I am blessed to be able to express my passions and excitement for life in my writing,

which is how I arrived at the compilation of My Life's Work, I've entitled, The MadlyLiving Chronicles™. As the title indicates, a series of short stories of entertaining erotica, from which I've hailed the term - "Erotictainment™."

little wine; you must be sitting down - trust me, find a spot, and no, not in front of the children; dare to read it alone first, then, do share - tantalize your adult crowd's erotic thirsts, and, and no, [shhh] not too loud now; oh and may as well go on and grab a towel, and yes, best to shut the door; but, most importantly, as "My Latest MadlyLiving Cohort," continue to show your lust and sup-

port - always, always keep cum'n...back for more!

**EROTICTAINMENT™:** 1) "Erotica" - Sexually and explicit art and/or written material intended to seduce and arouse sexual desire, infused with exotic, methodic, wit-logic and laugh out loud  
2) "Entertainment" - The art of keeping people entertained; evocative, provocative, intoxicative amusement.

**DISCLAIMER:** **The MadlyLiving Chronicles™** are true and overtly due works of artistic expression, which include a series of non-fiction, tainted with some conviction, some just wrong and even offensive diction and, of course, the wildly witty and creative imagination of its author, Madly Jane. Due to the private and uninhibited nature of **The MadlyLiving Chronicles™**, all names, all faces, all places and all known traces of The "Hole" Truth...remain anonymous.
